TECHNICAL SKILLS

SYSTEMS & VIRTUALIZATION

Windows Server Active Directory
Linux (RHCSA) VMware / Hyper-V
Synology NAS macOS • Win 11

ENTERPRISE NETWORKING

MikroTik RouterOS Cisco CCNA
VLAN Routing Edge Firewalls
ISP Failover VPN • IPsec

CLOUD & SAAS WORKSPACE

Microsoft 365 Google Workspace
DNS • Hosting • SSL
SPF • DKIM • DMARC
Backup & Recovery

SECURITY & OPERATIONS

ZKTeco Biometrics IP CCTV • NVR
Endpoint Protection
ERP & HRMS Support
Asset & AMC Mgmt

CORE COMPETENCIES

IT Leadership Strategic Planning
Infrastructure Architecture
Vendor Negotiation
Zero-Downtime Migration
Process Automation

RESUME OF

MD. Mainul Islam Imon

IT SPECIALIST & SYSTEM ADMINISTRATOR

PROFESSIONAL SUMMARY

Results-oriented IT Specialist & System Administrator with **7+ years of progressive enterprise leadership** architecting, securing, and maintaining mission-critical hybrid IT infrastructures. Proven record advancing across three leadership tiers from Executive to **Assistant Manager — IT** at **Stencil Bangladesh Ltd. (Asiatic 360)**. Expert in Windows & Linux server fleet administration, MikroTik/Cisco network security, Microsoft 365 & Google Workspace cloud ecosystems, enterprise storage (Synology NAS), and biometric access integrations. Recognized for delivering **99.9% network/server availability**, driving IT budget optimizations, and executing complex corporate infrastructure migrations with zero data loss.

PROFESSIONAL EXPERIENCE

Stencil Bangladesh Ltd. (Asiatic 360) Dhaka, BD • 5+ Years

Assistant Manager — IT Jan 2026 – Jul 2026

Senior Executive — IT Jan 2023 – Dec 2025

Executive — IT Mar 2021 – Dec 2022

ENTERPRISE INFRASTRUCTURE, VIRTUALIZATION & SYSTEMS

- Architected and managed multi-site **Windows Server & Linux (RHEL/CentOS)** environments on VMware/Hyper-V supporting **150+ workstations**.
- Administered Active Directory (AD DS), Group Policy Objects (GPO), DNS/DHCP scopes, and high-availability **Synology NAS** RAID storage arrays with automated multi-tier backup schedules.
- Provided tier-3 escalation resolution across Windows, macOS, and Linux client environments, guaranteeing sub-15-minute response times for critical operations.

NETWORK ENGINEERING & CYBER SECURITY

- Configured and hardened corporate LAN/WAN topologies utilizing **MikroTik RouterOS and Cisco managed switches**; implemented isolated VLANs for corporate users, production, guests, and VoIP.
- Engineered redundant multi-ISP leased lines with BGP/OSPF dynamic routing, automated load balancing, and failover mechanisms ensuring **zero business interruption**.
- Enforced edge firewall filtering, VPN site-to-site tunnels, centralized endpoint antivirus servers, and verified email authentication (SPF, DKIM, DMARC) across corporate domains.

CLOUD ADMINISTRATION, SECURITY & OPERATIONS

- Managed **Microsoft 365 & Google Workspace** tenants—handling security policies, mailbox lifecycle provisioning, custom routing groups, domain DNS, and SSL renewals.
- Integrated **ZKTeco biometric attendance & access control** with HRMS/ERP systems, automating employee punch synchronization and reporting workflows.
- Controlled IT asset lifecycle, software license compliance, vendor procurement negotiations, and Annual Maintenance Contracts (AMCs), saving ~15% in

EDUCATION

B.Sc. in Computer Science & Engineering
Bangladesh University
Expected: Nov 2026

CGPA 3.52 (Pursuing)

Diploma in Computer Technology
Patuakhali Polytechnic Institute
BTB • 2018

CGPA 2.95 / 4.00

Secondary School Certificate (SSC)
Bakerganj Model High School
Science • Barishal Board • 2014

GPA 5.00 / 5.00

CERTIFICATIONS

- NSE 1 — Network Security
Fortinet Training Institute
- NDG Linux Unhatched
Cisco Networking Academy
- Windows Server Administration
Creative IT Institute, Dhaka
- Red Hat Linux (RHCSA & RHCE)
CSL Training, Dhaka
- MTCNA — MikroTik Certified
CSL Training, Dhaka
- CCNA — Routing & Switching
CSL Training, Dhaka
- Computer Networking
GIT, Mirpur, Dhaka

TECHNICAL FOCUS

- Cloud Solutions
- AI Automation
- Cyber Security
- High Availability
- NAS Architecture

PROFESSIONAL EXPERIENCE (CONTINUED)

Ahsania E Solutions (Dhaka Ahsania Mission) Dhaka, BD • Full-time

IT Executive May 2019 – Mar 2021 (2 Years)

- Systems & Network Administration:** Maintained on-premises Windows & Linux server fleet, MikroTik routers, enterprise Wi-Fi APs, and VPN connectivity across multiple departmental wings.
- Directory & Access Controls:** Managed user provisioning, role-based access matrices, and security GPOs in Active Directory; established scheduled automated backups with disaster recovery validations.
- Security Surveillance & Biometrics:** Supervised high-definition IP CCTV camera systems (NVR/DVR storage arrays) and biometric access-control hardware, maintaining 100% operational readiness.
- Helpdesk & Asset Management:** Delivered tier-1/2 technical support for desktop workstations, network printers, scanners, and PABX systems; maintained asset inventory logs and vendor procurement audits.

KEY INFRASTRUCTURE PROJECTS & ACCOMPLISHMENTS

Corporate Office IT Infrastructure Relocation

Zero Downtime Migration

Spearheaded end-to-end IT infrastructure relocation: planned structured CAT6/Fiber optic cable layout matrices, 42U server rack staging, patch panel terminations, online UPS/power grids, and multi-ISP failover with **zero data loss and uninterrupted business operations**.

Enterprise Biometric Access & ERP Synchronization

Process Automation

Engineered automated integration between ZKTeco biometric time-attendance terminals and corporate HRMS/ERP databases, eliminating manual attendance reconciliations and accelerating monthly payroll turnaround.

High-Availability Centralized Backup & Storage Architecture

Data Resilience

Architected enterprise-grade Synology NAS RAID array paired with off-site cloud replication and snapshot schedules, ensuring rapid Disaster Recovery (RTO < 1 hour, RPO < 24 hours) for mission-critical business data.
