CAREER OBJECTIVE & EXECUTIVE SUMMARY

Dedicated and results-oriented **IT Specialist & System Administrator** with **7+ years of progressive enterprise experience** in managing, securing, and optimizing corporate IT infrastructure, server systems, and business network operations. Proven track record advancing from Executive to **Assistant Manager — IT** at **Stencil Bangladesh Ltd. (Asiatic 360)**. Seeking a leadership role to leverage core competencies in Windows/Linux server administration, MikroTik/Cisco network architecture, Microsoft 365/Google Workspace administration, hardware troubleshooting (Level-3), biometric attendance & ERP software support, and IT procurement to enhance organizational productivity and ensure 99.9% operational uptime.

EMPLOYMENT HISTORY / WORK EXPERIENCE

Stencil Bangladesh Ltd. (Asiatic 360) Dhaka, Bangladesh • Mar 2021 – Jul 2026 (5+ Years)

Assistant Manager — IT (Jan 2026 – Jul 2026) • **Senior Executive — IT** (Jan 2023 – Dec 2025) •
Executive — IT (Mar 2021 – Dec 2022)

1. Diagnosing and Troubleshooting:

Providing Level-3 desktop and workstation support, anti-virus server management, corporate network support, data communications, internet connectivity, and email administration. Troubleshooting hardware, OS, and client software problems; delivering instant technical solutions via on-site visits, remote desktop, and phone support. Performing regular automated data backups, system security patching, and OS maintenance.

2. Installation and Configuration:

Configuring corporate user email clients via Microsoft Outlook, Microsoft 365, and Google Workspace. Managing, configuring, and troubleshooting LAN, WAN, and VLAN environments using **MikroTik RouterOS and Cisco switches**. Installing, configuring, and servicing Network printers, heavy-duty Laser printers, Inkjet printers, POS & Label printers, and multi-office Projectors and Scanners. Configuring Wi-Fi Access Points, Router gateways, NVR, DVR, XVR, and IP/Analog CCTV surveillance cameras. Installing and maintaining Windows Server (2016/2019/2022), Linux (RHEL/CentOS/Ubuntu), and Hyper-V/VMware virtual machines.

3. Repair and Maintenance:

Repairing, assembling, and replacing damaged hardware components across desktop computers and laptops (**Level-3 troubleshooting**). Maintaining and servicing peripheral devices including laser/inkjet printers, scanners, monitors, and online UPS power backup systems. Performing periodic hardware upgrades, performance tuning, preventive maintenance, and server room climate monitoring to prevent hardware failures.

EMPLOYMENT HISTORY (CONTINUED)

Stencil Bangladesh Ltd. (Asiatic 360) — Continued

4. Technical & ERP Software Support:

Providing comprehensive on-site and remote technical support for enterprise **ERP, HRM, and Payroll software**. Managing and synchronizing employee biometric attendance records, job cards, pay slips, and financial transactions using ERP systems. Integrating **ZKTeco biometric terminals** with internal database servers. Assisting end-users with software setups, video conference meetings (Microsoft Teams, Zoom), and conducting IT orientation and cybersecurity awareness training.

5. Documentation, Inventory & Reporting:

Managing service-related spare parts inventory store, hardware tagging, and stock distribution. Maintaining IT asset logs, software license compliance, and Annual Maintenance Contracts (AMCs). Preparing and presenting daily, weekly, and monthly IT service and spare parts maintenance reports to the Department Head (HOD) and executive management.

6. IT Infrastructure Setup & Office Relocation Projects:

Successfully spearheaded corporate office IT relocation: planned structured CAT6 and fiber-optic cabling matrices, 42U server rack staging, patch panel termination, online UPS power grids, and ISP line migration with **zero data loss and uninterrupted business operations**.

Ahsania E Solutions (Dhaka Ahsania Mission) Dhaka, Bangladesh • May 2019 – Mar 2021 (2 Years)

IT Executive

Key Duties and Responsibilities:

Administered Windows and Linux server platforms, Active Directory user accounts, and routine server backup schedules. Configured and maintained MikroTik routers, office LAN/WAN, Wi-Fi networks, firewall rules, and IP CCTV surveillance systems. Provided technical support for computer hardware, printers, scanners, and PABX intercom systems. Managed IT equipment inventory and authored standard troubleshooting documentation.
